# What a waste

We don't keep our fresh, natural food overnight to sell the following day. We never have and we never will.

For years we've worked with registered charities helping the homeless by offering our unsold sandwiches to them at the end of each day.

Unfortunately, some still get chucked away.  
(And that really upsets us.)

If you know of a charity in need of good food, please tell them to call Edward Metcalfe on 020 7932 3339.
